

Internship Opportunity: VAPT and Application Security Assessment

About Us: Adayptus Consulting Private Limited is a leading cybersecurity firm dedicated to providing cutting-edge solutions in security engineering, assurance, and compliance. With a commitment to empowering organizations, we specialize in services such as Vulnerability Assessment and Penetration Testing (VAPT), Security Operations, Governance, Risk and Compliance (GRC), and Cloud Security.

Position: Intern - VAPT and Application Security Assessment

Location: Noida

Duration: 6 Month

Who Can Apply: We are looking for enthusiastic and motivated college students pursuing their undergraduate or postgraduate degrees in Computer Science, Cybersecurity, Information Technology, or related fields. Applicants should have a keen interest in cybersecurity and a desire to build expertise in Vulnerability Assessment and Penetration Testing (VAPT) and Application Security Assessment.

What You Will Learn:

- Techniques for conducting vulnerability assessments and penetration testing for applications, networks, and systems.
- How to analyze and report on security vulnerabilities, and develop actionable recommendations for remediation.
- Practical skills in performing application security assessments, including static and dynamic code analysis.
- Insights into the latest security threats, tools, and techniques.
- Effective collaboration with senior security analysts to resolve identified security issues.
- Best practices for documenting findings and creating professional technical reports for clients.

Qualifications:

- Currently enrolled in a relevant degree program (B.Tech, M.Tech, B.Sc, M.Sc, etc.).
- Basic understanding of cybersecurity concepts and principles.
- Familiarity with tools like Burp Suite, Nessus, Metasploit, OWASP ZAP, or other VAPT tools is a plus.
- Knowledge of programming languages such as Python, Java, or C++ is an advantage.
- Strong analytical and problem-solving skills.
- Good communication skills and ability to work in a team environment.

What We Offer:

- Hands-on experience in real-world cybersecurity projects.
- Mentorship from industry experts.
- Opportunity to work with advanced tools and technologies.
- Certificate of completion and potential for full-time employment based on performance.

How to Apply: Interested candidates can apply by sending their resumes and a brief cover letter to **hr@adayptus.com** with the subject line: "Application for VAPT and Application Security Internship." Please include details of any relevant coursework, projects, or certifications.
